MESSAGE FROM THE PRINCIPAL:

Good Afternoon Parent/Guardians,

Our staff at Howard is already planning for next year! We will start developing class lists for the 2016-2017 school year in April. Creating class lists is a time consuming task for staff as they consider the following variables:

- Matching learning styles and strengths of students with teaching styles of teachers.
- Distributing children who see special teachers in a manner that will facilitate scheduling of their special classes.
- Separating children who have demonstrated personality conflicts that interfere with learning.
- Equalizing class size.
- Balancing the ratio of boys and girls.

We feel the above factors are very important in creating successful classroom environments. We also know that as a parent/guardian you have unique insight into your child. Therefore, the **the attached "Student Placement Consideration Form"** can be completed if you would like to provide information that may be helpful in your child's classroom assignment for next year. Our team of teachers, counselor and principal will consider the factors listed but will use their professional judgement for the final placements. A parent request will only be considered if the reason clearly shows a negative impact on their child's learning if the request were not granted. Parent requests and "Student Placement Consideration Forms" must be submitted to me in writing no later than April 15th. Our

desire is to place each student in the best environment for their learning and strengths. We have a very talented and dedicated staff at Howard, and we look forward to working with your child next year.

Due to uneven growth and other unforeseen factors that can occur within our school district, the room/teacher your child will be assigned to will not be available to you until late summer. In past years, we have had to add teaching staff during summer months to accommodate large numbers of new students enrolling at Howard during June, July and August.
