From Our School Board

Thank You-

On April 3, 2018, the communities of Howard and Suamico approved the operational referendum, placed on the ballot by the Board of Education, by a 58.6% to 41.4% margin.

Thank you to residents who attended listening sessions, asked questions, and voted. Your engagement demonstrates our communities' interest and dedication to our students, staff and schools.

The results represent a vote of confidence in the vision for the school district and will allow us to address critical needs, including reducing class size, enhancing teacher compensation, and maintaining facilities. We will continue to give regular updates on the referendum. If you have any questions for the Board of Education, please reach out to your school board member,
