Howard Elementary's Winter Concert is December 8th!! To help us with adequate seating we ask that families with last names beginning with A - L attend the 9:30am concert & M - Z attend the 1:45pm concert.

(NOTE: AFTERNOON CONCERT @ 1:45 NOT 1:30!!)

PARKING FOR THE WINTER PROGRAM

Parking for the Winter Program is available in the north parking lot, or on the black top drive in front of school. Parking is also available on the streets in the neighborhood around school. Please be watchful to keep the neighborhood mailboxes accessible according to village ordinances.

We thank you and our neighbors thank you for your consideration.

Zones of Regulation

The purpose behind Zones of Regulation is to help children self-regulate. Mrs. Zimmerman introduced the Zones during Life Skills and taught your child strategies to change or stay in the zone they are in. Some benefits of implementing the Zones include expanding your child's vocabulary with emotions, reading other people's facial expressions, gaining insight into triggers, and problem-solving strategies. The picture below highlights the emotions in each of the Zones. Your child checks-in everyday on how he/she is feeling.

The Brown County Health Department is Coming to Howard Elementary to Provide Vision Screenings

The Vision Screening will occur on Monday, December 5, 2016. All kinder, 1st grade, 3rd grade, new students to the district, and any students requested by teachers or parents/guardians will be tested. Vision screening routinely tests distance vision. If your child already wears glasses, they will be tested with their glasses on to make sure the glasses are working properly. Near vision and color vision can be tested upon request only. The screening does detect several eye problems common to these age groups. However, it is not a substitute for a complete professional eye exam. A child who passes may still have other visual problems. If symptoms such as squinting, headaches, frowning, or frequent blinking are noted, a complete eye exam is recommended. Red, swollen or encrusted eyelids indicate a medical problem requiring a physician's treatment. If your child does not pass the screening, a letter will be sent home recommending an examination by an eye doctor. The National Society to Prevent Blindness recommends that children have a professional eye exam prior to entering school and up to every other year after that.

IMPORTANT NOTE: If you DO NOT want your child screened for hearing and/or vision YOU MUST contact your child's school at least one week prior to the screening date to have your child removed from the screening list.

Speak Up 2016

The Speak Up Research Project polls K-12 students, parents and educators about the role of technology for

learning in and out of school and represents the largest collection of authentic, unfiltered stakeholder voice on digital learning. Since 2003, more than 4.5 million participants have shared their views and ideas through Speak Up. Education, business and policy leaders report that they use the data regularly to inform federal, state and local education programs. The Speak Up 2016 online surveys open October 12, 2016 through

December 16, 2016. Please read more at **Howard Elementary - Password flyer**.
